

Vejledning i bestilling af CNM dna test hos The Alfort School i Frankrig – www.cnmlabrador.com

På internettet kan du på hjemmesiden læse stort set alt om sygdommen Centronuclear Myopathy (CNM) hos Labrador. Det er også her du skal bestille din DNA test for CNM

Når du kommer ind på siden vil alt teksten være på engelsk, så hvis du ikke er så god til engelsk kan det være en god ide at allierer sig med en hjælper.

Når du går ind på hjemmesiden skal du starte med at klikke på billedet af den vandglad labrador på forsiden – for at komme ind på selve siden.

Inde på hjemmesiden vælger du fra menuen i venstre side punktet "Testing your Labrador".

I toppen af billedet får du nu denne nye menu bar:

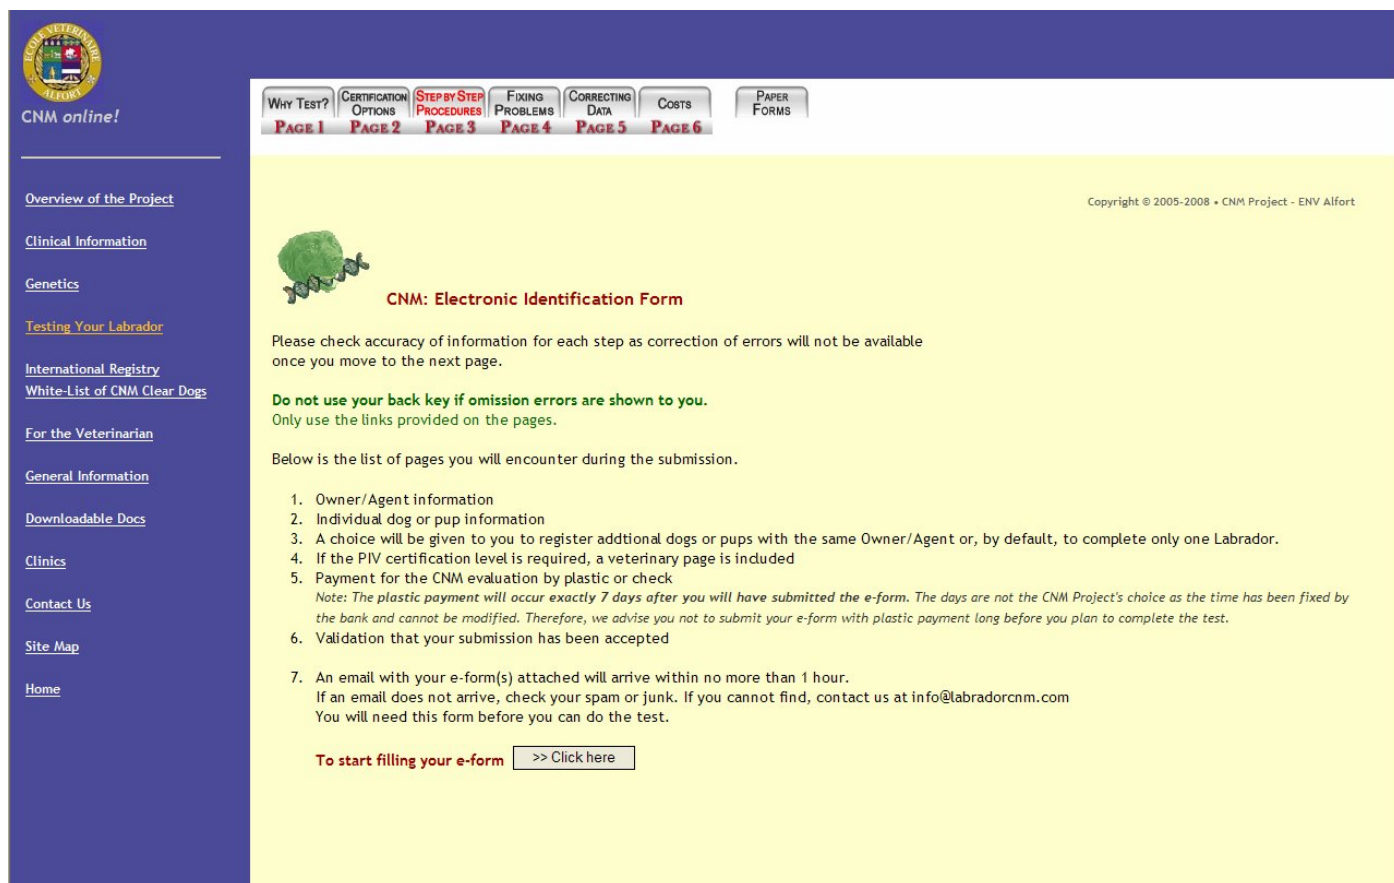

Og på selve siden vil der være en masse information om testen og bestilling af testen – jeg vil forslå at du går direkte til "Page 3" – Step by Step proceduren.

I næste billede skal du helt ned i bunden af billedet for at få næste trin i rækken ☺

Her skal du i rulle feltet vælge CNM Clearance of a labrador with a registered name. Her efter starter den egentlig bestilling af CNM testen og du kan følge de næste sider – som jeg har udfyldt med et eksempel.

Rigtig god fornøjelse.

Her I billedet skal du blot klikke på [To start filling your e-form](#) >>Click Here

CNM: Electronic Identification Form

Please check accuracy of information for each step as correction of errors will not be available once you move to the next page.

Do not use your back key if omission errors are shown to you.
Only use the links provided on the pages.

Below is the list of pages you will encounter during the submission.

1. Owner/Agent information
2. Individual dog or pup information
3. A choice will be given to you to register additional dogs or pups with the same Owner/Agent or, by default, to complete only one Labrador.
4. If the PIV certification level is required, a veterinary page is included
5. Payment for the CNM evaluation by plastic or check
Note: The plastic payment will occur exactly 7 days after you will have submitted the e-form. The days are not the CNM Project's choice as the time has been fixed by the bank and cannot be modified. Therefore, we advise you not to submit your e-form with plastic payment long before you plan to complete the test.
6. Validation that your submission has been accepted
7. An email with your e-form(s) attached will arrive within no more than 1 hour.
If an email does not arrive, check your spam or junk. If you cannot find, contact us at info@labradorcnm.com
You will need this form before you can do the test.

To start filling your e-form

1 trin

CNM: Electronic Identification Form

The asterisk* indicates the field is required

Steps : 1. Owner -> 2. Dog -> 3. Veterinarian -> 4. Payment -> 5. Validation Owner / Agent of Dog* First

Name: Middle Name: * Last Name:

* Address:

* City (followed by the State, only for Canada. e.g. Hamilton, ON):

* Zip: * Country: * State:

Phone(s) (do not use periods):

* Email corresponding address (do not write more than one address):

Please, check carefully that you properly spelled your postal and email addresses before continuing.

2. Trin

CNM: Electronic Identification Form

The asterisk* indicates the field is required

Steps : 1. Owner -> 2. Dog -> 3. Veterinarian -> 4. Payment -> 5. Validation

Note: You can submit several dogs (fully registered dogs, un-named dogs, pups from a litter) in a single session. In this case, start the session by submitting adults and un-named dogs; then check the box "I want to submit pups from a complete litter" and submit them. Following this procedure will allow to enter "Owner", "Veterinarian" and "Payment" information only once.

Litter I want to submit pups from a complete litter:

* Level of certification required Please check whether you wish to obtain a CNM clearance number ending with:

- PIV: Permanent Identification of the dog and sample certified by a veterinarian
Requires Tattoo or Microchip and Sample taken by an independent veterinarian who seals the swab or DNA Profile identification rechecked by us.
- PI: Permanent Identification of the dog, sample not certified
Requires Tattoo or Microchip or DNA Profile identification number (not rechecked by us). Authentication by a veterinarian not required.
- NOPI: No Permanent Identification of the dog, sample not certified
For dogs with no Tattoo or Microchip or DNA Profile identification. Authentication by a veterinarian not required.

Dog* Registered name of dog (do not enter titles):

(Note: if the dog has no registered name, enter "Not applicable")

* Main registration number:

- AKC:
- CKC:
- Others (include registry if available):

* Call name of dog:

* Identification (select one):

- Microchip:
- Tattoo:
- DNA Profile:

* Date of birth (yyyy-mm-dd, example: 2002-11-25):

* Breed: * Sex: Color:

* Sire:

* Dam:

If you need a rush evaluation check this box:

* If you did not read the Rush criteria detailed in the Time Schedule document, please read them now .

No rush

Additional information Does the dog have any current health issues ?

no

* The reason the Labrador is being screened for CNM is:

- Clearance desired: no affected pups in previous litters, or has not been mated yet
- Presumably carrier: produced identified affected pups in previous litters
- Clinically affected, presumably by centronuclear myopathy

diagnosed by a veterinarian -- please indicate:

First name: Middle name: Last name:

and, if known, e-mail address for sending a copy of results:

not yet diagnosed by a veterinarian

Please, check accuracy of information as correction of errors will not be available after the submission process.

3. Trin

CNM: Electronic Identification Form

Steps : 1. Owner -> 2. Dog -> 3. Veterinarian -> 4. Payment -> 5. Validation

Here is the list of the dogs already included in the submission process:

- Brown Hunt's Hermione Granger

Total: 52€

Now, to jump to the next step, first make your choice by clicking on the right choice:

- 1- you have no other animal to submit today
- 2- you want to submit additional dogs

Then, press the "Continue" button below

Continue >

4. Trin

CNM: Electronic Identification Form

Steps : 1. Owner -> 2. Dog -> 3. Veterinarian -> 4. Payment -> 5. Validation

Veterinarian I do not want my vet to receive the results by email.

First Name: Last Name:

City:

Zip: Country: State:

Please, check accuracy of information.

Continue >

5. Trin

CNM: Electronic Identification Form

Steps : 1. Owner -> 2. Dog -> 3. Veterinarian -> 4. Payment -> 5. Validation

You have now to first choose your means of payment and THEN, to click on the Submit button.

- Brown Hunt's Hermione Granger

Total: 52€

- Plastic payment (for > 4 dogs, please prefer the "Check" option)
- Check

Submitting the form(s) and redirection to the secured bank page may take ~ 1 minute.

DO NOT click more than once, as it would duplicate the submission.
Thank you in advance for your patience.

Notes:

The VISA or Master Card payment is encrypted and protected [https:// operating system using SSL (Secure Socket Layer)]. This method follows international guidelines.

If you wish to pay using plastic and it does not work the first time you try, make sure your Security settings can support it. Click the Tools menu, and then click Internet Options. On the Advanced tab, scroll to the Security section and check settings for SSL 2.0, SSL 3.0, TLS 1.0, PCT 1.0.

Her efter får du et betalingsbillede hvor du indtaster kort nr osv.

Efter ca. 3 uger modtager du en kuvert med undersøgelses materialet som du medbringer til din dyrlæge.
